SKILLS

Programming
(React.js, Javascript)

Web Design

Graphics Design

Web Development

CAREER OBJECTIVE

To secure a challenging entry-level position where I can apply my academic knowledge, learn from experienced professionals, and actively contribute to the growth of the organization while honing my skills and gaining valuable industry experience

WORK EXPERIENCE

November 2021- Present

Freelance Graphics Designer

I've managed client consultations, ensuring clear direction and addressing inquiries. I have taken charge of comprehensive project management, consistently meeting client expectations and adhering to deadlines. My proficiency in editing software, particularly Photoshop, has enabled me to successfully complete over a hundred commissioned designs for a variety of brands.
